

FACT SHEET – Event Streaming Services

ImageBEAM's Streaming Services take your event to all four corners of the globe

Extend physical participation at your event to virtual participation for remote attendees making it available in a cost and time-effective, as well as environmentally friendly manner

WHAT IS POSSIBLE?

ImageBEAM can provide a full service offering including multiple video cameras, audio/video mixers, streaming encoders, synchronized PowerPoint slides, live moderated remote Q&A, polling and more.

BEFORE/DURING/AFTER THE EVENT

We liaise with you, your event organizer and your event location to ensure stable Internet connection and to test the setup prior to event date.

We provide all staff and equipment to stream your event, including managing your remote participants
